

NEW PARTNERSHIP IN THE NETHERLANDS & BELGIUM

OVERMAT AND FLOORCOAT HGH – PARTNERING IN FLOOR SOLUTIONS

We are pleased to announce a new partnership between Overmat Industries and Floorcoat HGH.

Together, we are joining forces to offer high-performance floor treatment solutions to professionals across the Netherlands and Belgium.

For more than 40 years, Overmat has developed and supplied high-quality products and machinery to the flooring industry. With strong local networks and expertise, Overmat is the ideal partner for bringing Floorcoat HGH's product range closer to the market.

Floorcoat HGH develops and manufactures a wide range of surface treatment solutions – designed for durability, functionality, and a beautiful finish.

This collaboration reflects a shared commitment to professional quality, reliable service, and long-term value.

We look forward to supporting flooring specialists throughout the region – now together.

ABOUT OVERMAT

Founded in 1981, Overmat Industries develops and supplies professional floor treatment products and machinery across Europe.

Under the Floorservice brand, they offer high-quality oils, lacquers, and maintenance products – backed by decades of experience and a strong focus on durability, safety, and performance.

ABOUT FLOORCOAT HGH

Based in Odense, Denmark, Floorcoat HGH develops professional surface treatment products for wooden floors – including lacquers, cleaning products, and abrasives.

With a focus on durability, aesthetics, and indoor climate, their solutions are made to deliver beautiful, long-lasting results for flooring professionals.
